May is the month dedicated to Mary, the Mother of God. In honor of this dedication, Fr. Paul will share his thoughts about what it means to be a Catholic man today.

Fr. Paul Stein, ordained in 2001, is Pastor at St. Sylvester Catholic Church. He has degrees in theology and computer science. Previously, he was as an Associate Pastor at St. Turibius and Holy Name Cathedral.

Make plans today to find out for yourself what it means to be a Catholic man. Bring a friend, tell your neighbors and co-workers that they must come and find out with you. Christ is coming and our special guest speaker will help you find a way to prepare for our Lord.
